

The Tyler Quidgeon Sportsmanship Award:

- This award had been created in the fall of 2018 in the memory of Tyler Quidgeon who had a love for the game of football. He played his youth years in the MYFL program and continued to play at MHS through his high school years. His passion and love for the game were admirable and we search to find the players who resemble the way Tyler played the game.
- **Awarded** to a 14U/Senior Division Football Player who is leaving the MYFL Program entering High School
- Being coachable is one of life's most important skills and attitudes, whether or not you're an athlete. If you're any kind of person who wishes to grow, learn, improve, excel or peak perform, you should care about whether or not you're coachable. In other words, being coachable relates to a happy, productive life. This awards means you're ready to take charge, transform, improve or excel, whatever that means for you and your situation.

Thank You!

On behalf of the

League, we thank you for
